Can your team answer these questions today?

How much in energy costs are we saving?

Where is the latest data, what's the trend, and is it accurate?

Which energy projects should we prioritize?

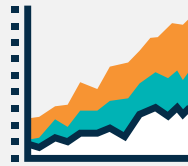

Are we on track to hit our energy goal?

Connect the data to the work. gazeboTM

Demo Time

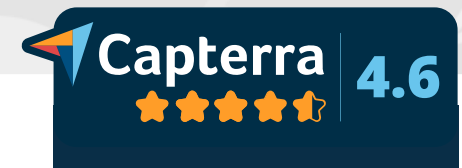

DEVELOPED BY  CascadeEnergy®

Gazebo Integration with SEM

“Gazebo is user friendly and has provided our team with good value. **The project integration with the savings models paints a really strong picture of whether we are meeting our energy efficiency goals or not.**”

Haris K. / Facilities Engineer / Aviation & Aerospace
